

Clerks Report - 15th June 2026

Cemetery

Funeral arrangements and legal documentation handled respectfully and efficiently. This includes liaising with families, funeral directors, stone masons etc.. and maintaining cemetery records.

- Replaced cemetery maps
- Installed grave markers to ensure correct grave identification (grave digger/stone mason/funeral director (prevents erroneous memorial numbering & to facilitate location of new graves)
- May/June funerals and associated administration average 3 per week
- New signage on order for main gates
- Quotes sought to replace the access gates (refuse area)
- Working with ICCM on legal issues around interment of ashes/family dispute
- Cemetery Availability; x21 full grave spaces, x28 RC grave spaces, x266 cremated remains spaces plus 10 vaults.

It is recommended that BPC start to plan for the use of the extension in the cemetery via the commission of an environmental consultant in 2027/28 and budget accordingly;-

- Groundwater risk assessment
- Hydrogeological survey (to prove water table depth)
- Soil/bedrock assessment
- Burial capacity calculations
- Site layout plan showing buffer distances to watercourses, drains, wells, etc.

It is recommended that the extension remains un-consecrated land and therefore open to all faiths or none. Burial authorities must ensure a sufficient un-consecrated area remains available*.

**Article 5(2) of the Local Authorities' Cemeteries Order 1977 (LACO 1977) refers.*
